About TAC Communities

TAC has provided affiliate associations with an email messaging service known as listserv. The purpose of this service is for elected officials and county employees to share helpful information conveniently amongst each other. Beginning in April 2019, the TAC listservs will be upgraded to a new solution, called Mobilize, which offers email communication, as well as a mobile app and web-based platforms.

These communities are moderated by TAC employees, and many also by representatives of the affiliate association. The community managers' role for each community is as a facilitator for member subscription, message security and technical troubleshooting. TAC community managers assist subscribers with account access and assist TAC with keeping the message flow clear of spam and/or malicious emails.

Community Managers

Auditor

Pete Winckler (TAC Moderator)
Barbara Parker (El Paso County)
Alicia Whipple (Fannin County)

CLERKS

Kirsten Mills (TAC Moderator)
Sandra Roblez (Yoakum County)
